

Name _____

Date 9/4

Experimental Variable Worksheet

Question	Independent Variable (What I changed)	Dependent Variable (What I observe)	Controlled Variables (What I keep the same)
Does heating a cup of water allow it to dissolve more sugar?			
Does fertilizer make a plant grow bigger?			
Does an electric motor turn faster if you increase the voltage?			
Is a classroom noisier when the teacher leaves the room?			
Do bicycle fenders keep the rider dry when riding through a puddle?			
Does music help you study for a test?
